

Cosmo

Model description

The base Cosmo comes with a 4-cylinder diesel engine with 170 HP / 125 kW. This tried-and-true engine allows for a comfortable and reliable driving experience. Alternatively, if you require a bit more power, it is also possible to order a 190 PS / 140 kW diesel engine. The now standard MBUX system allows for entertainment on board as well as a safe travel with its integrated navigation.

Of course, we also offer a variety of optional equipment outside the standard equipment of our base models. The optional equipment ranges from four-wheel-drive through LED-headlights to multimedia systems.

The Cosmo also comes with a special suspension that includes enhanced stabilizers and shock absorbers, which further increases your safety while driving.

Base equipment:

- 170 HP / 125 kW engine (optionally 190 HP / 140 kW)
- 6-gear manual transmission (optionally 9-gear automatic)
- ESP, ABS and ASR
- Driving light- and side wind assistant
- Driver and passenger airbags
- Armrests in driver cabin seats
- Electrically adjustable windows
- Enhanced suspension variant
- Remote controlled central locking system, Keyless-Start
- Electrically adjustable, heated exterior mirrors
- MBUX 7" including navigation
- Adjustable multifunction steering wheel

Seating area

The cleverly designed seating area allows for a comfortable amount of space for each passenger

- Two rotating Mercedes-Benz comfort seats in the driver's cabin
- Bench with 2 seats
- Storage area under the bench
- Movable and optionally foldable table
- Newspaper rack (integrated in the side of the seating area)
- Flexible bottle holder
- Window in seating area: 70 x 50 cm
- Window in sliding door: 90 x 55 cm

Interior Room Concept

In order to make the compact base vehicle feel more spacious on the inside, we opted to design the interior furniture with a wide walkway, a bright and friendly living space as well as excellent ventilation. A large skylight as standard equipment is the natural choice for that.

The skylight, as well as all the windows, are insulated and come with integrated fly net and blind.

Large, liftable bed in the vehicle's roof

The Cosmo comes equipped with a large liftable bed in the roof of the vehicle. Thanks to the hinge installed in the front, the bed can easily be raised and lowered using gas pressure dampeners. Pillows and other bed covering can simply be stored on the bed even when raised. The seating area below the bed can still be used while the bed is lowered.

- Bed length: ca. 210 cm
- Bed width: ca. 150 cm
- Space above the mattress: ca. 70 cm
- High quality MDI-foam mattress 10 cm
- Reading lights and USB-Outlets
- Storage pockets and Labos-rails
- Sideways windows on each side of the bed: 70 x 30 cm

Kitchen with a lot of storage space

- Two-flame gas cooker with efficient electric ignition
- Window size: 90 x 55 cm
- Stainless steel sink with covering
- Kitchen cupboard with multiple drawers
- Storage space and spice rack above workspace
- Labos rails
- Trash bag
- Soft close

Furniture made to your liking

Because our vehicles are built by hand, we can make many individual adjustments to each vehicle. For example, we can install a bed liftable with gas pressure dampeners in the rear area.

- Bed length: ca. 192 cm
- High quality MDI-foam mattress 10 cm
- (optional sideways window: 70 x 30 cm)
- Bed width: ca. 75 cm
- Storage pockets, reading lights

It is also possible to install two bunk beds in the rear area. The beds have an open space above each of them of around 50 cm and can be removed from the vehicle.

All of our furniture is made of 15mm poplar plywood with a high quality HPL front. Both the ceiling and the walls use a microfiber cloth covering. We use solid wood edges for all our furniture. It is also possible to order the table in the seating area in a foldable, solid wood variant. Solid wood frames are also available for all the windows.

- Several furniture decors and flooring options
- Solid wood edges available in multiple wood types
- Solid wood fronts are also available
- More than 20 upholstery options
- Insulation 20 mm (X-Trem-Insulator)
- Very robust and durable

Highly accessible and handy storage space

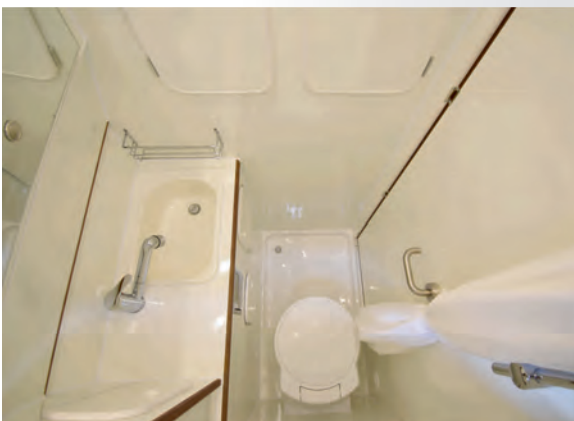

The Cosmo offers about 2.000 l of storage space in the rear.

This space can be used for additional beds or a bicycle garage.

The storage space can be accessed from both the rear and the inside of the car, depending on your needs.

Wet Room

The cleverly designed wet room allows for plenty of space in every situation.

- Sink made of stainless steel (painted white)
- Special, high gloss wall covering
- Cassette toilet made by Truma
- Sideways window 50x30 cm
- Shower with a shower curtain
- Extra space for shampoo bottles etc.
- Labos rail

Technology and equipment

- Heater boiler combination Truma Combi 4 (alternatively Truma Combi Diesel 6)
- Truma Frost protector for the heater boiler combination
- Truma MonoControl with Crash sensor
- Gas system with two 11 kg gas bottles
- Water pressure system with a Shurflo water pump
- Interior fresh water tank 146 l
- Interior wastewater tank 100 l
- Compressor fridge 110 l
- Exterior LED lighting "Raintec", remote controlled

Environment

- EURO VI
- SCR-Catalyst
- Green Sticker
- Particle filter

Electronics

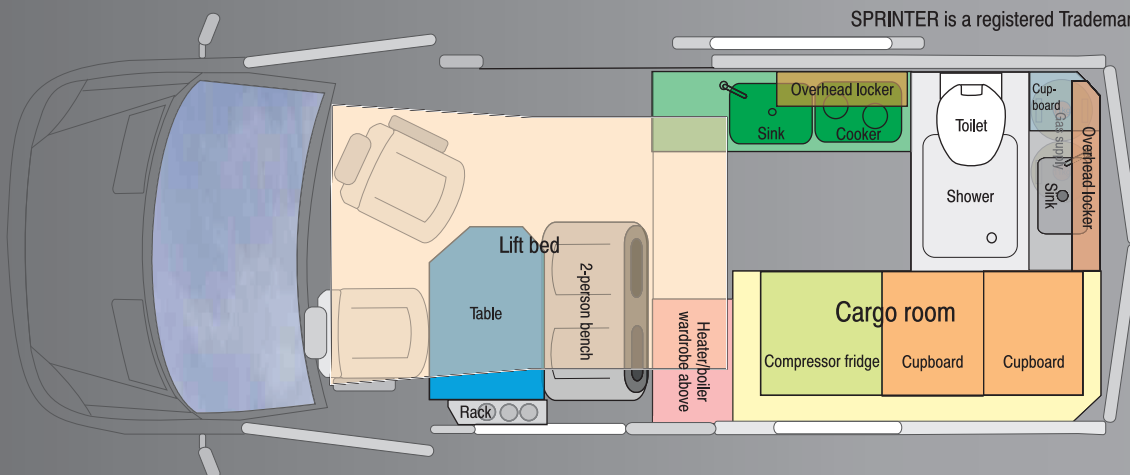

- Gel battery 235 Ah
- Multiple 230 V-, 12 V- and USB power plugs
- External 230 V plug with a 30 A electronic charger
- Charge booster 45 A and solar computer 350 W
- 12 V system with several LED lights
- Indirect lighting

Measurements

- Exterior length 5,93 m
- Height 3,14 m
- Width 2,00 m
- Wheelbase 3.665 mm
- Base weight ca. 3.037 kg
- Gross weight 3.500 kg (optional 4.100 kg)

Version 07/2021
